Subject: Make Sligo A City

Dear Reader

We in the north west need a major hub that will provide services and jobs. I request that Sligo be designated as such an economic hub and put in place the housing and infrastructure required to drive Sligo forward and make it a City which will serve this northwest community for decades to come. Stop the urban sprawl up and down the east coast with Dublin at its centre. All the current plan is doing is creating issues like homeless, gridlock while driving up rents and at the same time people in rural Ireland have little chance of seeing their children getting employment in the towns and villages they grew up in.

Please change the current plan and MAKE SLIGO A CITY.

Kind Regards
Seamus Langan
