I have Aspergers and anxiety. Therefore, I find a lot frustrating. Including the state of Ireland. I need mental health services and AS services to be great. Colleges for mental health to provide academic subjects, including trips to Brussels. Our roads could be better the N26 from Ballina to Swinford. There should be more intertwined North-South implementation of services. It's despicable that there is no Autism group in every County, including Mayo. Peer support in mental health needs to be more developed EG peer supported holidays provided etc.
