Currently working within the Financial Services sector in Drogheda. Majority of staff currently reside within the East Meath area but work and socialise in Drogheda (circa 3km commute).

Drogheda's true size both in urban spread and population size needs to be represented more accurately in census data and national statistics which inform Government and Local Authority decisions on planning, resource allocation and prioritisation for public services and promotion of foreign direct investment.

Drogheda is the largest town within the state, and looking at locations that have recently obtained City status, surely Drogheda qualify.
