

Ballyragget Development Association, Co. Kilkenny

To: The National Planning Framework.

The county boundaries are the very essence of what the island of Ireland is, our sense of identity, place, our heritage. The planning framework needs to acknowledge and retain the county boundaries in forward planning.

Co-operation between Co./City Councils, Agencies, Regional Authorities etc. should be encouraged for the benefit of counties in the future years.

We ask that your work respects and preserves our county boundaries.

Sincerely,

Bruce Murphy, Secretary.
