Subject: Port of Cork Company NPF Submission

To Whom it concerns,

Please find Port of Cork Company submission to the National Planning Framework attached with appendices.

- National Ports Policy 2013
- Cork City Development Plan 2015 to 2021
- Cork to the World –Indecon 2014
- PoCC Strategic Development Plan [SDP]
- New Perspective for Tivoli
- Booz & Co. Port of Cork Rail Connection Report

The Port of Cork Company endorses the objectives for Cork Harbour as set out in Cork 2050 with regard to Infrastructure, Planning Processes, Tourism, Leisure, the Blue Economy, and Sustainable Energy. We actively participate in promoting all of these initiatives as part of our remit as a Port Authority and recognize that Ireland's unique environment and the health and wellbeing of our population is also a key competitive advantage of our region.

The purpose of this document is to provide more specific details of infrastructure and processes, and to emphasise the critical role of the Port in influencing the spatial pattern of the development of the Cork region its critical role in supporting the future economic and employment growth locally and nationally.

PoCC wishes to acknowledge and express its support for the Cork 2050 submission to the NPF, jointly prepared by Cork City Council and Cork County Council. In particular PCCC acknowledges the objectives and proposals in relation to the current and future role of the Port and of Cork Harbour in a local regional and national context as set out in the Cork 2050 submission.

Accordingly the Port of Cork submission document may be viewed as complimenting the Cork 2050 submission,

Regards,
